Report:

Dominique Quere gives a presentation about the IT meeting in Poitiers – summary of the previous meeting.

- A few questions of the toolkit were selected and put into a digital survey/questionnaire.
- There are three different paths depending on the different users:
 - o pedagogical staff
 - o parents
 - o students
- To capture information, there will be two kinds of answers:
 - o Answers with pure data (= easier to make a visualisation)
 - o Open fields that could be added to the questionnaire according to the profile of the school (= much more difficult to make an automatic analysis of the answers)
- The questionnaire is now written in French. It will be translated into English later.
- The link to the questionnaire will be sent to the STESSIE partners.
- This questionnaire will be put into practice and presented to a selection of schools as a prototype in order to have feedback from staff, parents and children.
 - o Primary and secondary schools will be targeted.
 - Dominique already contacted two primary schools and one secondary schools.
 - o It still has to be measured how much time it will take to complete the questionnaire. Afterwards an evaluation with the stakeholders will need to take place in order to get their feedback.

Timetable to come :

- 26 – 30 June 2023 : STESSIE training Event in Poitiers
- 27 September 2023: STESSIE online meeting - information for project stakeholders
- 23 – 27 October 2023: STESSIE training Event in Malta
- 27 – 30 November 2023: IT-TESSIE meeting 2 in Poitiers
- 11 – 15 March 2024: STESSIE training Event + Multiplier event in Basque Country
