Report:

1. Development of the questionnaire: state of affairs

- The questionnaire has been translated in Spanish, Basque, and Valencian.
- There is a problem with the questionnaire if the navigator *Chrome* is used. All questions and answers are mixed up in the different languages. The problem doesn't occur when navigators such as *Microsoft Edge* or *Mozilla Firefox* are used.
- Dominique has provided the link of the tool ([STESSIE - 1/64 \(sphinxonline.com\)](https://www.sphinxonline.com)) to the partners so that the partners are able to check the results of the questionnaire.
 - o As soon as the new schools have been selected, the partners can disseminate the survey to the different schools.
 - o All partners will be able to see who has answered the questions, the answers, feedback,...

2. Development of the TESSIE application: state of affairs

- Erik had a meeting with Grafica, the website developer of the new SICI website, to make a price offer for the TESSIE application during the second week of January 2024.
- Grafica will provide an offer by the end of the week.

3. Last details of the third training event in Basque Country - San Sebastian

- Mrs Sogol Noorani from the European Commission informed us that given her position within EACEA she cannot act as an expert for an EU funded project. However Mrs Noorani will give an online presentation on Friday from 10.15 until 11.00 and she will disseminate the project.
- Rosa discusses the programme of the training event in San Sebastian with the other partners and checks the arrival and departure dates of the partners.
 - ➔ The final programme, registration form and practical information will be sent in the coming days.

4. Agenda of the fourth training activity in Bulgaria

- The STESSIE training event and multiplier event will take place from 3 until 7 June 2024.
- Next week, the partners will receive a registration link to make the reservation in the hotel.
- The draft programme of the training event is still in progress.
 - o Names of keynote speakers would be appreciated.

5. Schedule and dates for activities in 2024

STESSIE TIME SCHEDULE of most important activities

Project duration: 36 months

Start-up 15 December 2022

End 15 December 2025
